

Exploring Early Childhood.

Exploring Early Childhood prepares students to support future generations of babies, infants, and toddlers to thrive in their environment.

NON-ATAR - BOARD ENDORSED - CATEGORY C

About the Course

Early child development sets the foundation for lifelong learning, behavior, and health. The experiences children have in early childhood shape the brain and the child's capacity to learn, to get along with others, and to respond to daily stresses and challenges. EEC helps you consider future interactions with children.
